# Overview

Junior Achievement programs offer a multidisciplinary approach that connects learning across social studies disciplines, such as economics, geography, history, government, and civics, while incorporating mathematical concepts and reasoning and language arts skills.

In this document, Junior Achievement programs are correlated to the Iowa Social Studies Standards and the Iowa 21st Century Skills, including Employability Skills and Financial Literacy, as well as Common Core standards for English Language Arts and Math for grades K-5. Often Extended Learning Opportunities within the curriculum directly support an academic standard. When indicated, the letters ELO will appear superscripted next to the standard.

This list is not meant to be exhaustive or intended to suggest that a JA program will completely address any given standard, but is designed to show how it can enhance or complement efforts to do so. The flexibility of the programs and supplementary materials allow specific content or skills to be addressed in depth by the teacher and/or business volunteer as needed.

## JA Elementary School Learning Experiences

[JA Ourselves](#)<sup>®</sup> uses compelling stories read aloud by the volunteer, along with hands-on activities to demonstrate helping, working, earning, and saving.

[JA Our Families](#)<sup>®</sup> introduces students to the intersection of entrepreneurship and first-grade social studies learning objectives, including how family members' jobs and businesses contribute to the well being of the family.

[JA Our Community](#)<sup>® 2.0</sup> immerses students in the daily life of their community through digital and hands-on interactives. They gain the skills and knowledge to be both a worker and an active citizen, exercising their civic duty to make decisions for the good of the community.

[JA Our City](#)<sup>®</sup> introduces students to the intersection of financial literacy and third-grade social studies learning objectives, including the characteristics of cities and how people and businesses in cities manage their money.

[JA Our Region](#)<sup>®</sup> introduces students to entrepreneurship and how entrepreneurs use resources to produce goods and services in a community. Students solve problems by weighing risks and rewards.

[JA Our Nation](#)<sup>®</sup> provides practical information about businesses' need for individuals who can meet the demands of the job market, including high-growth, high-demand jobs locally and globally.

[JA More than Money](#)<sup>®</sup> teaches students about earning, spending, sharing, and saving money, and businesses they can start or jobs they can perform to earn money.

[JA Career Exploration Fair](#)<sup>®</sup> is an event where students learn about a range of career options across multiple career clusters. (Grades K-5)

[JA Career Speakers Series](#)<sup>™</sup> In JA Career Speakers Series, a volunteer guest speaker visits the classroom and shares information about his or her career, work, and education experience. (Grades K-5)
